Model official certification of plants
to produce pet food for Israel

The official veterinary authority of _____ (country)
hereby certify that:

The processing plant _____
(name, address and official registration number)
is certified by the Veterinary Services of this country as a producer of pet foods for local use as
well as for export to Israel.

The processing plant produces pet foods under the supervision of an officially accredited
veterinarian.

The said plant processes on its premises low risk material of the following species:

Raw materials of mammalian origin (excluding milk products), utilized for the production of pet
food to be exported to Israel:

(a) are all of local (producer only) or of Australia/New Zealand origin or (1)

(b) not all raw materials are of such origin: - meals are imported also from

1. _____ 2. _____ 3. _____

The end products are regularly checked bacteriologically for freedom from pathogenic
organisms, including Salmonella spp., and are kept and packed in a way that prevents
recontamination.
